Member Candidates for the Board of Directors

SHANE BOYINGTON

Howdy Folks! My name is Shane Boyington and I am running for Vice President in 2019. I have served on the board for three years, one year as a director and two years as Vice President also currently acting President. I have been a member with my family for five years and have been involved in many activities/committee's in that time. Your vote is most appreciated and thank you!

CHUCK MAHONEY

My name is Chuck Mahoney. I would like to take this opportunity to present myself as a candidate for the office of President. I have been on the Board for the past ten years. Five years as President and the rest as a Director. I have served on the Boards that were involved in the land purchase and development of the Club's Divide property and the sale negotiations of the Club's Woodland Park property. The closing on the sale of 10 of the 23 acres of the Woodland Park property on December 14, 2018 and the purchase contracts on the remaining land make this an exciting time in the life of the Ute Pass Saddle Club. The club is on the cusp of finally realizing what has been discussed for the last 12 years, that is a facility for all members, equine related, social butterflies and all other interests that a multi-purpose venue will support. I would appreciate your vote at the February election meeting. Please feel free to call me if you have any questions that I might be able answer: 719-660-9575. Thank You.

JOHN DILL

First off – thank you for giving me the opportunity to serve on the Ute Pass Saddle Club Board of Directors over the past three years. I appreciate your trust and confidence.

It's been said that overnight success takes years to develop. Our recent progress may give proof of that adage. The recent sale of the Woodland Park parcels to continue funding development of facilities in Divide is testament to members' steadfast desire to develop a great place to enjoy all equine activities and the stewardship of many previous and current leaders who have worked tirelessly to bring this to fruition. While sometimes over the past years this process has been a "game of inches", I am excited about where we are today and where we are headed.

In that context, I'd like to continue supporting this progress as a member of the Board of Directors. Within the overriding principle of preserving the UPSC for future generations, my three priorities for the near term are simple:

1. Support resourcing and developing the Divide property into the very best facility possible.
2. Support events in which members participate.
3. Support events that help provide resources for priorities #1 and #2.

2018 marked 70 years of existence for the UPSC. Not many organizations make it to 70 years old. I ask for your support to continue this success story.

SUE MEALS

Born native to rural Colorado. Grew up with a stellar rural education. We were able to pass out of some college courses. We rode horses on my Uncle's Ranch south of Brush, Colorado and herded cattle, milked cows, harvested chickens, weeded huge gardens on our Grandfather's farm. We tried to ride his neighbor's calves. And that was the extent of our rodeo abilities. However, we went often to the Brush Rodeo and the National Western stock show. My grandfather, a shrewd business man, rancher. He often had picnics with the Senator. He bought me my first Official Cowboy hat at the yearly National Western Stock Show. Mine was a cattle man's hat.

It is there I was so fascinated with all of the riders; Clydesdales, Coors team, the hunter jumpers as well as the Westernaires and rodeo, of course.

I only dreamed of owning a horse, until I married my husband, Tom. We began with a team of geldings from Montana. And a tiny POA colt. Our first child learned to walk the day the horse arrived. Eric ran to the trailer where none of us could see the tops of the ponies. Eric was saying "smine, smine". I had to take him in his stroller to find pasture before anyone would let me get our own. Turns out ours were from Atchinson, who's horses had gone top 10 Candadian Nationals and US. Nationals.

An old 4-H adage was, it costs just as much to raise registered as a grade horse. And a gelding will teach you the most. And so it was.

Over the years, we moved to Oklahoma for a stint, then back here. Tom was geophysicist with Gas and Oil and switched to Electronic engineer with the military.

Here we were, 4-H leaders, after school volunteers, scout leaders and eventually joined Pikes Peak Pony Club for our children to learn English riding to complement their western experience.

Tom & I were horse leaders to facilitate the Arabian horse given to Teller 4-H. Those members experienced professional horse dealings with Mr. Hudson of Magness Arabians. Sue Gustafson helped instruct we parents so we could teach our children how to ride the Arabians. (Gentle broke and balanced saddle seat).

When stationed overseas.

JEROD CAMPBELL

Hello, my name is Jerod Campbell.

A little bit about myself: I have lived in Teller/Park county my entire life (34 years). I first became a club member roughly 25 years ago. I grew up competing in the gymkhanas and Little Britches Rodeos held at the Saddle Club. Not only have I previously sat on the board and helped start and run the Ute Pass Saddle Club Royalty, I also have given back to the community by offering roping lessons at the Ute Pass Saddle Club. I am an avid team roper and my wife Kali barrel races; together we have 6 children who are also into horses and rodeo.

I want to run for the board to help relocate to our land in Divide and give our community and our children a chance at the opportunities I had growing up. Thank you for considering me to serve on the board of directors for this wonderful club once again.

DAVE WALTON

In regards to the club constructing equine facilities on the Divide property-I support the decisions the club membership and club boards have made over the last 10 or so years and I will endeavor to implement those decisions by fiscally responsible means.

David Walton -

60 years of age, married to Teri.
